

Re-enrollment

We are currently in the process of re-enrollment for current students for the 2018-2019 school year. The re-enrollment is now being done online through our new student software, Reb Web. If you have any difficulty with the process of re-enrollment, please don't wait to call Ms. Montiverdi for help. The deadline is March 5th.

Families in need of financial aid, please be sure to note that the deadline for filing through FACTS is March 9th. There can be no financial aid consideration for families who do not meet this deadline and apply through FACTS for Grant in Aid.

Our Lenten Service Project

As we focus as a school on the Corporal Works of Mercy, this week we are trying to Feed the Hungry. We are collecting non-perishable food items which we will donate to our parish St. Vincent de Paul food pantry until Friday. Thank you for being as generous as your means allow.

Next week we will try to Give Water to the Thirsty as we collect bottled water do donate to St. John's Food for the Poor.

March Testing

Next week our 2nd - 8th grade students will be fully engaged in Terra Nova/InView testing. This is a nationally normed test that will help us to recognize areas of strengths and weaknesses in our curriculum, as well as monitor progress of individual students. Please be sure to:

- Have your child to school ON TIME each day. Testing begins promptly at 8:05.
- Unless your child has a fever or is vomiting/diarrhea, please send them to school. We have tissues.
- Be sure your child eats a good, healthy, breakfast each morning. Students do better on tests when their tummies aren't rumbling.

Students who are absent during testing week will be pulled from regular classes to make up the portions of the test that were missed.

Progress Reports

Third quarter progress reports will be going home/available this Friday, March 2nd.

NED Was Here

Never give up. Encourage others. Do your best. That is the message our students received yesterday when the NED show came to OLA. Our presenter, Megan, did a great job helping our students to understand what it takes to be a champion at school, and a champion at life. She used

a Yo-Yo to help get her message across and the kids were amazed at the tricks! That would be why your child might come home begging for a Yo-Yo!

We will be selling NED Yo-Yo gear for the remainder of this week. An order form is attached if you are interested in purchasing a Yo -Yo for your child. All of the money collected goes to the NED program as it is a Pay It Forward type program. This is not a school fundraiser.

STEM Beginnings for K-2

Let your child experience unique and exciting activities that will inspire and cultivate learning in the areas of Science, Technology, Engineering and Math. Let your child experience STEM Learning!! STEM is fun!! An information and registration form is attached to this newsletter for more information. Spring Session begins March 13th and runs through April 24th
