Young Rembrandts After School Art Classes

A new session of art classes for students in grades K-4 begins on January 16th and runs each Wednesday after school from 2:30 - 3:30 until February 27th. Young Rembrandts elementary-age curriculum is designed to teach basic to advanced drawing skills, art techniques and vocabulary. They believe that drawing is the bedrock skill required for future artistic success. They give students skills to express their creativity, and believe that all children can – and should – learn to draw. You'll see increased art abilities, learning skills, self-confidence and self-esteem." Enroll your child today at youngrembrandts.com
