

## **Our Lady of the Angels School Medication Policy**

In accordance with the policies and practices mandated by The Massachusetts Department of Public Health, all medication administered at school, either prescription or over the counter, must be accompanied by a physician's order.

You will find online at our website a simple form for authorizing medication to be given at school. Your healthcare provider will complete the upper portion of the form. You will complete the lower portion of the form and return the signed form with the medication, labeled with your child's name, to the school's health office. All medication being administered at school must be in its original packaging. Please note: students cannot transport medications to or from school. Parents/guardians must bring the medication with the form to the school's health office.

*Please sign and return the bottom portion of this page to school by the first day of school.*

---

Parent/Guardian: I have read the medication policy and agree to comply. I understand that only medication I have provided will be given to my child, and that no medication will be administered without my consent.
