### **Family Income Survey**

A Family Income Survey will be coming home to families who did not fill out the online survey sent home in April. The purpose of this survey is to collect data that will be used to determine the amount of funds available for the public school district to provide Title I services to eligible students in our school. Determining the number of students, by the public school district of residence, who would qualify for free and reduced-priced lunches, accomplishes this. **The information requested in the survey is confidential.** It is not necessary to provide family names on the survey.

The surveys will be sent home tomorrow and should be **returned to school no later than Friday, May 13<sup>th</sup>.**
